Under 37 C.F.R. §§ 1.322 and 1.323**

Attn: Certificate of Correction Branch

Commissioner for Patents
PO Box 1450

Sir:

It is hereby requested that a Certificate of Correction under 37 C.F.R. §§ 1.322 and 1.323 be issued for the above-captioned United States Patent. This Certificate of Correction is being requested due to mistakes which appear in the printed patent. These mistakes were made by both the U.S. Patent and Trademark Office and by Applicant. The mistakes made by Applicant are of a clerical or typographical nature, or of a minor character. Patentee submits that correction of these errors does not introduce new matter.

Specifically, the printed patent contains the following errors for which a Certificate of Correction is respectfully requested:

In column 6, line 43, "second, and third am" should be replaced with --second, and third gm--. This correction is requested to correct a typographical error made by

the U.S. Patent and Trademark Office. Support for this correction can be found in the Amendment filed September 12, 2005.

In column 5, lines 19 and 20, "The integrated circuit of claim 5, wherein the control voltage is used to tune the first filter." should be replaced with --The integrated circuit of claim 6, wherein the first filter is a low pass filter.-- Support for this correction can be found in the Amendments filed on September 12, 2005 and November 3, 2004. In the November 3, 2004 Amendment, prosecution claim 24 was recited as "The integrated circuit of claim [6], wherein the first filter is a low pass filter." In the September 12, 2005 Amendment, Applicant indicated the status of prosecution claim 24 (issued claim 7) as previously presented but erroneously duplicated the text of prosecution claim 23 [issued claim 6] in prosecution claim 24. Thus, issued claims 6 and 7 are identical. This was a typographical error by the Applicant.

Remarks

The above-noted corrections do not involve such changes in the patent as would constitute new matter or would require reexamination.

A completed Form PTO/SB/44 accompanies this request, with the above-noted corrections printed thereon. Accordingly, a Certificate of Correction is believed proper and issuance thereof is respectfully requested.

This request is accompanied by payment of the fee set forth in 37 C.F.R. § 1.20(a). Fee payment is provided in the attached Credit Card Payment Form (PTO-
